

Join us at the Ventura County Fair Parade.

Let's March for a Fair Economy.

This year's fair theme is "Bounty of the County." Our workers are certainly part of the county's bounty! Let's march together and show that public workers are a valuable part of the community and that we are united with other local unions and community groups.

We're marching and Fighting for a Fair Economy.

Join us as we come together as a community to show our support for workers' rights and a better Ventura County.
